Motions	Submitted By: Tomás Sharkey	Item ID: 575
	Date Submitted: 31/10/2014 00:00:00	Owners:
	"That Louth County Council calls on the Government to;	
	<ul style="list-style-type: none"> - Immediately reverse domestic water charges which are an unfair and unjust double charge being forced on already struggling households. - Stop the roll out of metering and redirect the €539m loan finance from the National Pension Reserve Fund towards fixing the massive leakage problems and interruption to supply. - Recognise that Irish Water is not fit for purpose since it is unaccountable to the Minister and therefore to the Oireachtas and the citizens of this State. - Prevent Irish Water from any further excessive spending of taxpayer's money, including the proposed further €35m on the use of external consultants in 2015. - Oppose any duplication of services being delivered by Irish Water and Local authorities and retain these services within full public ownership now and in the future. - Listen to the widespread public anger that exists towards this Government and Irish Water by the Irish people, who are now rightly organising and mobilising in protest and opposition to these water charges through the Right2Water public campaign which includes activists, citizens, community groups, political parties and trade unions.
