"In the interest of public safety, this Local Authority will undertake to re-lay the road markings surrounding the Beechgrove roundabout, and the mini-roundabout itself. With the faded markings, and the roundabout now virtually non-existent, there are already cars driving directly over it rather than around it and it is only a matter of time before a serious incident occurs. With this also being a main thoroughfare of entry to the North Side of the town, and the amount of visitors expected to Drogheda for the Fleadh, it is imperative that these markings are present and visible for those who would not be familiar with the junction."

	'That Louth County Council implement as a matter of urgency, with the bright evenings now in, a major environmental scheme in the neglected areas of St. Dominic's Bridge/ Bridge of Peace and The Ramparts Walkway, to include painting of both bridges, cleaning out blocked gullies there, the use of a heavy roller on the ramparts to level and gravel it, in required locations. This is to make it easier to access for those in wheelchairs, parents with prams, the elderly, the hundreds of walkers/ joggers/cyclists using this most scenic amenity and generally for the enjoyment of the people of Drogheda and the thousands of visitors to the town and Oldbridge House during the year.'
