That Louth County Council recognises the forthcoming centenary of the ESB in 2027 as a significant national milestone, and acknowledges the pivotal role played by Drogheda

native and engineer Thomas McLoughlin in its foundation and in the transformation of Ireland through electrification and modernisation. The Council agrees to engage with the ESB, who have indicated their willingness to work with Louth County Council, to develop a programme of commemorative, educational and civic initiatives in Drogheda and across the county to appropriately honour Thomas McLoughlin's legacy and ensure his contribution is recognised at both local and national level.

Given the levels of vacancy and dereliction in the town, can Louth County Council provide figures for the number of CPS's completed in Drogheda over the past 5 years 2021-2025, and how many are in the process at present?
