**9.0 Motion - Cllr. Paddy McQuillan**

"Calling for this Municipal District Council to form a cross party delegation, with a member of the executive, to engage with the management and relevant bodies of Irish Cement Platin, to explore the possibilities of including Drogheda's environmental, recreational and community groups and facilities in the upcoming Social Fund that is to be created for the factory's catchment area. A similar fund exists with Indaver and this fund has benefited the local community in Meath to the amount of approximately Euro2 million over the last

10 years. Given the current and historic industrial and social links that Drogheda has with Irish Cement Platin, Drogheda should not be excluded from this fund.”
