### *Motion*

---

## 10 Motion - Cllr Paul Bell

"That this Council commit to providing protective car parking and set down spaces for residents only use in Scarlet Crescent. This motion is supported by residents all whom are suffering from the experience of inconsiderate and illegal parking. This motion is not calling for the implementation of pay parking and when implemented has no revenue implications for Council."

### *Question*

---

## 11 Question - Paddy McQuillan

Following on from the successful campaign to close St Laurence Gate to all public traffic, can Louth County Council please answer the following query:

"How far on are the negotiations with the Office of Public Works to have St Laurence Gate open to the public as a full time tourist attraction for the town and how much monies have been set aside by this council for the restoration of St Laurence Gate to make it safe and accessible for tourists visiting this attraction?"
