#### **7.0 Notice of Question - Cllr. Shane McGuinness**

In relation to the huge levies that has been received in largely built-up areas like for example, Blackrock and Haggardstown over the last say 5 years, the two levies that I am particularly interested in are (1. Road Improvements and 2. Community, recreational and amenities).

Can I get a rough estimate from the community of Blackrock and Haggardstown over the previous 5 years on what has been received and where is the breakdown of what this money has been spent on.

I understand that this money can be spent anywhere in the county but surely some funds have been set aside

for the community that all these houses are being built in.

I feel that it certainly has not been spent in the area and has a provision been set aside or monies ringfenced for what has been taken in and where it will be spent?
