Proposed by Mr J. F. McGowan, Chairman, seconded by Mr J. B. McEust, and

resolved -

"That this Council desires to record their condemnation of the recent deplorable outbreak in Dublin, which we believe to be gravely detrimental to the real Political and Industrial interests of Ireland, and that we call upon all Nationalist Irishmen to support Mr John Redmond's Constitutional Policy."

"That we call on the Government to at once take steps to disarm all Civilian Forces in Ireland, including those in Ulster as well as those in other parts of Ireland, as the existence of armed forces which are not subject to authority are a standing menace to law and order in this Country."

Proposed by Mr P. Deery, seconded by Mr B. Hannill and resolved -

"That as we believe many of the young men and lads who were induced to take part in the recent unfortunate proceedings were led into these courses in ignorance of the real meaning of the Sinn Fein movement as now disclosed, we strongly endorse the appeal made by Mr John Redmond for clemency in dealing with these victims of thoughtless credulity, more especially as such a course will tend towards the speedier creation of better feeling and lessen the bitter memories likely to be evoked by drastic action."

Mr J. St. Mynagh and Mr Peter Hughes also associated themselves with the resolutions. Town Clerk to convey same to The Lord Lieutenant, Sir John Maxwell, Commander of the Forces in Ireland, Sir H. Bellingham Bart. H. C. of the County, and Messrs John Redmond, P. J. Whitty, and Joseph Volan M.P.s.
