The Poor Rates and Several Poor Rates hereinafter set forth were adopted and are allowed by the Council of the County of Louth at their Meeting held this day, having first been certified by the Secretary to be in conformity with the Valuation now in force, the same to be collected in two half-yearly moieties, that is to say, the first moiety and arrears collected on and after the day of *May* 1920, and the second moiety on the first day of October next ensuing.

Given under the Common Seal of the Louth County Council, and signed by us this *3rd* day of *April*, 1920.

Deane Alton Secretary of the Council.

NOTES.

General Notes.—After the Rate has been made and assessed in this Book, no alteration should be made in the entries in any money column, and no entries should be made in any column except in those numbered 20, 22, 26, 28, 29, 30, 31, 32. The numbers of the Ratings should run consecutively for each Collection District, the Rate Books for the Electoral Divisions in same being first placed in alphabetical order.

- (a) The two classes of persons rated in this column may be distinguished by underlining the name of the Immediate Lessor of a house let in apartments or lodgings in any case where such a person is rated.
- (b) In the case of any Holding which is exempt from any separate charge (e.g., Railway Premises under a Railway Guarantee), the Distinguishing number of the Separate Charge should be entered in this column in order to draw attention to and account for the smaller assessment made in such cases.
- (c, d, e) On Receipt of the Rate Collector's Fortnightly Report Note the number of the Fortnight to which the same relates should be entered in the appropriate column for each holding in respect of which the Rates were collected and lodged within the Fortnight.

- (f) When all the Separate Charges in an Electoral Division are leviable off the whole Electoral Division the aggregate Rate for same can be assessed in the column headed "Consolidated Rates, &c." Where any Separate Charge is leviable off an area less than the Electoral Division, the assessment of the Rate for same should be made in one of the columns headed "Rates for other Separate Charges, &c."
- (g) The entries in this Table should be limited to Rates in the Pound levied to meet any Railway or Harbour Charge connected with any guarantee giving or transaction occurring before the passing of the Local Government (Ireland) Act, 1898. When the total charges for the year for any area exceed a sum equal to sixpence in the £ on the rateable value of any area, the County Council may apply for payment of one-half of the excess to be made out of the Local Taxation (Ireland) Account under Section 58 (4) of the said Act.
