Ordered.—That the County Treasurer do pay to James Parks, contractor, for making the new line of Road at the Bowling Green, in the Town of Dundalk, the Sum of Three Hundred and Twenty Five Pounds, Sterling, on account of the balance of said contract as certified and granted at Presentment Sessions, said sum to be paid out of the £1500, borrowed from the Bank of Ireland for such purpose.

## GRAND JURY ORDERS AT SPRING ASSIZES, 1864.

Ordered.—That in addition to an order for Six Pounds, Eight Shillings, made at the last Summer Assizes, and not as yet demanded, we authorise a further Sum of Six Pounds to be expended upon the necessary Works at Carlingford Harbor, under the superintendence of the County Surveyor, said sum to be paid by the County Treasurer out of the funds in his hands belonging to said Harbor on the certificate of the said County Surveyor.

A communication from the Government, through Major-General Sir Thomas Larcom, with reference to the detaching of our County from the Richmond District, and erecting a New Lunatic Asylum for the Counties of Meath, Drogheda, and Louth, having been laid before us :—

We, the Grand Jury of the County of Louth, having considered the proposed alteration, are of opinion that, in order to protect the interests of our County, it is expedient to appoint Commissioners to act on behalf of the County until the ensuing Summer Assizes.

And we hereby appoint the following to be Commissioners for such purpose, with full powers to act as they may think proper,—viz. :—

JOHN MCCLINTOCK, Esq.

LAURENCE WALDRON Esq., M.P.

FRANCIS DONAGH, Esq.

And We direct the County Solicitor to attend upon the said Commissioners, and take instructions from them to appear by Council, before the Privy Council. at such times and in such manner as the said Commissioners may think proper.

An application from the electric and international Telegraph Company, asking the consent of the Grand Jury, to erect their poles and wires through the roads of the County, having been laid before us. We approve of same, subject to the supervision and control of the County Surveyor, who is empowered to stop the further progress of the works if not done to his satisfaction.

The following Resolution passed at Lower Dundalk Presentment Sessions having been laid before us, we approve of same and direct it to be carried out.

## GRAND JURY ORDERS AT SPRING ASSIZES 1864.

Lower Dundalk Presentment Sessions,  
Ravensdale, 15th December, 1863.

RESOLVED.—

That the attention of the Grand Jury be requested to a Contract granted by a former Sessions for repairs of the short piece of road leading to the Railway Station at Plaster, and at present a charge upon the Barony, which was granted upon the faith of the Railway Company retaining said Station open as a Passenger Station.

That the said Company having failed to perform their engagement, it is the opinion of this Court that the said portion of the Contract at present in existence be cancelled, the Contractor having consented to the arrangement, which now only requires the sanction of the Grand Jury to have it carried out.

**COUNTY SURVEYOR'S REPORT.**

To the Foreman and Gentlemen of the GRAND JURY of the County of Louth, assembled at Spring Assizes 1864.

GENTLEMEN,

There were 565 miles of roads under repairs and maintenance during the past year, the cost of which was £9431, there is on this head an increase of 15 miles in the mileage and a decrease of £66 in the expenditure. The number of miles for the present year is the largest yet repaired and it exceeds by about one half the mileage of 1840. The whole amount presented for works in the past year was £11643 10s 8d. in aid of which £312 3s 0d. was represented leaving a net sum of £11331 7s 8d. on the levy or less than 12 $\frac{3}{4}$  pence in the pound on the valuation; the total levy in the previous year was £11461 0s 10d. which gives a reduction of £131 0s 0d. For the detailed cost in each barony for each class of work at Spring and Summer, I beg leave to refer to the abstract of expenditure accompanying this report.

I shall report separately, where necessary on the new applications as they are called over. They are of the usual kind and do not call for any special remarks here.

From time to time applications have been sanctioned for short pieces of roads leading to mills or grave-yards and terminating there, such as

## COUNTY SURVEYOR'S REPORT.

the road into Monasterboice grave-yard, and the roads to the mills of Listuck and Milltown, in the Barony of Ferrard; also, the road leading to Templetown grave-yard in the Barony of Lower Dundalk. There is at present an application of this kind No. 9, in the Barony of Upper Dundalk, to be laid before you, on which the owner of the adjacent lands propose to expend a large sum in addition to the Presentment which is too small for the works to be done. On looking over 6 and 7 Wm. 4, cap. 116, sec. 50, and Schedule X., Form B. I can see no objection to such Presentments if the roads be "public roads" according to the proper definition of a public road. Generally however the principle of sanctioning Presentments for roads of the *cul-de-sac* class, unless where they terminate at the sea, is dangerous. In this County it has not gone beyond the extent stated, and I consider it right to submit it here for your consideration, more particularly as a resolution was passed at the late Presentment Sessions at Ravensdale, bearing also upon it.

The Roads under contract were generally kept in good order during the past year, although the season was unusually severe on contractors for first and second class roads. The contractor for building a bridge over Annagassan tidal river has prepared some of the materials but the works are not yet begun. The new road along the river in Dundalk has been open to the public since last Assizes, but it is not yet entirely finished, although a quantity of work greater than that contracted for has been done. The proposed fair green and play grounds in connexion with this work—of which about six acres were reclaimed from the tides—are nearly filled in by the savings effected, although no portion of this work is included in the contract. Trees have been planted along the slopes, and a stone wall substituted for the post and rail fence originally provided for in the specification. The land belonging to the County extends for 20 feet outside the curb stones of the footpaths or to the toes of the slopes when they lie beyond this distance.

A sum of about £12, is required for fastenings and other works to the Pier of Carlingford, to be paid out of the dues lodged to the credit of that work, by the Harbour Constable.

I have the honour to be Gentlemen,

Your obedient servant,

JOHN NEVILLE.

## COUNTY SURVEYOR'S REPORT.

the road into Monasterboice grave-yard, and the roads to the mills of Listuck and Milltown, in the Barony of Ferrard; also, the road leading to Templetown grave-yard in the Barony of Lower Dundalk. The contractor for building a bridge over Annagassan tidal river has prepared some of the materials but the works are not yet begun. The new road along the river in Dundalk has been open to the public since last Assizes, but it is not yet entirely finished, although a quantity of work greater than that contracted for has been done. The proposed fair green and play grounds in connexion with this work—of which about six acres were reclaimed from the tides—are nearly filled in by the savings effected, although no portion of this work is included in the contract. Trees have been planted along the slopes, and a stone wall substituted for the post and rail fence originally provided for in the specification. The land belonging to the County extends for 20 feet outside the curb stones of the footpaths or to the toes of the slopes when they lie beyond this distance.

A sum of about £12, is required for fastenings and other works to the Pier of Carlingford, to be paid out of the dues lodged to the credit of that work, by the Harbour Constable.

I have the honour to be Gentlemen,

Your obedient servant,

JOHN NEVILLE.

**COUNTY SURVEYOR'S REPORT.**

---

To the GRAND JURY of the County of Louth, assembled at Summer Assizes, 1864.

GENTLEMEN,

An application for £1096 to make 504 perches of a new road through the bog of Ardee, is the only new presentment of any importancæ on the schedule. I have before, at Summer Assizes 1863, reported on this road, it was adopted twice, unanimously at Road Sessions, but the bog portion of it is not laid out as I would recommend for County purposes. It is however, well suited as a pass through and for the bog. The other applications call for no special mention, and I shall report on them separately where required, as they are called over.

The new Fair Green road, in Dundalk, has been open to the Public for twelve months and has been since repaired without any extra expense to the Barony. The works of the new bridge and approaches at Annagasson, are progressing very slowly, and with want of due energy on the part of the contractor.

The roads and works throughout the County, under contracts, are with few exceptions in very fair order.

In the County Book for the last Assizes, the Abstract prepared by me showing the extent and cost of works for each Barony, and for the County at Large, heretofore for some years attached to and printed with my Spring reports, is not given. This Abstract was the only document which separated the cost of works in my department from the other County expenditure, thereby enabling the Cess-payers to compare the cost and amount of work for each year, and the poundage rate for each class of work, in each Barony. It is referred to in my report, constitutes in reality a part of it, and as the report is ordered to be printed it should also, it appears to me, have been printed with it.

## COUNTY SURVEYOR'S REPORT.

No question was raised about its omission before the Surveyor's Committee, nor before the Grand Jury in my presence; on the contrary it was received with the report in the usual manner. As on a former occasion the classified numbers of the different contract roads adopted by Grand Jury order in 1852, were struck out in a like manner, without any reason or order which I ever knew of. I think it time to call attention to the subject and to the following paragraph in my report at Spring Assizes 1862. "The numbers could be printed as indices to the Secretary's numbers or as affixes or prefixes at beginning or end of the Presentments without occupying extra space".

After the last Assizes I received a copy of a Grand Jury order to pay to the Treasurer a sum of £33, a saving effected by me, and remaining to the credit of the County, at Spring and Summer Assizes 1863. Had I been called before the Grand Jury when this order was made I would have corrected its inaccuracy as there was an extra sum expended on the Annagasson bridge previous to the Assizes, and accounted for before the last Surveyor's Committee, leaving the saving to the credit of the county only £30 13s. 6d. I could not, therefore, comply with the order beyond this amount.

I must here, in self defence, most respectfully, submit a remonstrance against the passing of orders like the foregoing, affecting my duties and department, in my absence; because under the 37th section of the Grand Jury act, "all business relating to presentments for raising money, public works, contracts, and fiscal concerns of the County" are provided to be transacted in "open court" and because, also, I have always scrupulously kept out of the Grand Jury room, unless called in, from the moment the Judge opened the court, as the fiscal business, is then understood by me to have terminated; (Grand Jury acts sec 34 and 35) and I consider it injuriously affects the efficient discharge of my duty to have fiscal questions respecting works then discussed and orders passed on *ex-parte* statements without calling me forward to correct any misinformation, explain any apparent want of form, and to give the Grand Jury full information on the subject before them. It is with pain and regret I feel myself called upon to, refer to this matter.

I have the honour to be, Gentlemen,

Your obedient Servant.

JOHN NEVILLE.

## GRAND JURY ORDERS AT SPRING ASSIZES, 1865.

Ordered.—That the sum of Fifty pounds sterling, being the balance of his contract, for making the new line of road at the Bowling Green in the Town of Dundalk, be paid to James Parks contractor, on the certificate of the County Surveyor, out of the £1500. borrowed for such purpose from the Bank of Ireland.

Resolved—That in the opinion of this Grand Jury, the present mode of renting a building for the staff and stores of the County Regiment of Militia, and also of making alterations therein from time to time, is not for the interest of the County, even in the point of cost alone.

That in our opinion it would be more advisable, to purchase ground and erect such buildings as may be considered necessary thereon, for the accommodation of the County Militia Staff when disembodied.

That in order to carry out our views, the following be appointed a Committee to communicate with the Lord Lieutenant, and with full power to make such arrangements as to His Excellency may seem fit, so as to enable the Grand Jury at the ensuing Summer Assizes, to carry out the provisions of the Act 17 & 18 Vict., chap. 107, secs. 38, 39, 40 and 41, relating thereto, viz:—

Sir John S. Robinson, Bart.,	
Colonel Fortescue,	Wm. De Salis Filgate, Esq.,
John Murphy, Esq.,	Thomas Murray, Esq.,

Resolved.—That the following be appointed a Committee to report to the Grand Jury, at the ensuing Assizes, as to what steps it may appear most prudent to take in the matter of the portion of the old Gaol Building in rear of the County Court-house, and what improvements, if any, they may consider the County ought to make upon the ground in rear of the County Court-house, which is the property of the County, viz:—

John M'Clintock,	} Esquires.
John Murphy,	
Thomas William Filgate,	
John George Coddington,	
John Townley,	

Resolved.—That the following be appointed Commissioners until next Summer Assizes, for the purpose of taking such steps as they may consider prudent, in order to protect the interests of the County in the matter of the proposed change respecting the providing of a Building as a Lunatic Asylum for this County, viz:—

Sir John Stephen Robinson, Bart.,	Laurence Waldron, Esq., M.P.
John M'Clintock, Esq.,	Francis Donagh, Esq.,

and that the County Solicitor do attend upon the said Commissioners, and take such instructions from them as the said Commissioners may think fit to issue, at any time

According to 146th section, 6 and 7 William 4, chapter 116, the Contractor for Mayne Bridge having failed to execute his work, the sum of £150 be paid out of the present contract on the certificate of the Surveyor, to a Contractor for the work; and Notice be served on the Securities of the present Resolution, and that this Resolution be carried out within Three Weeks.

## COUNTY SURVEYOR'S REPORT.

To the GRAND JURY of the County of Louth, assembled at Spring Assizes, 1865.

GENTLEMEN,

The applications on the Schedule are of the usual kind, and I shall report separately on them as they are called over.

The Presentments for works for the past year, at Spring and Summer, amounted to £11,575 0s. 5d., towards which £227 4s. 4d., was represented in aid of the levy, leaving the amount levied £11,347 16s. 1d., giving an average rate of about 13½d in the pound for each year, and an average of nearly 7d. in the pound on the valuation for each levy. The number of miles under repairs and maintenance was 556, very nearly, at an average cost of 12½d. per perch. The extent of works and their cost in each barony, is given in the accompanying abstract of expenditure, and I may observe that the mileage was never before so large. Taking the four last years, since 1861, it will be found that the average rate per perch has decreased from 21.22 to 18.04 pence in the Barony of Drogheda; from 12.61 to 9.39 pence in the Barony of Ferrard; from 10.76 to 9.83 pence in the Barony of Ardee; from 12.4 to 11.37 pence in the Barony of Louth; from 19.3 to 18.6 pence in the Barony of Upper Dundalk; from 11 to 10.18 pence in the Barony of Lower Dundalk; and on the whole County, from 14.2 to 12.59 pence. A larger decrease would be shown in these average rates but that, for the two last years, some contracts for repairs were placed under the class of contracts for maintenance, the expenditure required for their repairs having been

## COUNTY SURVEYOR'S REPORT.

divided over two or more years instead of being levied at once. Hereafter these will come under the ordinary class of maintenance contracts at reduced rates.

The roads under repairs and maintenance have increased by 21 miles in the four last years, and the total expenditure upon them has been reduced from £10,312 to £9,495. If I take the poundage rates for each Barony, which depend on the amount of work, I find the Drogheda yearly levy increased from 7 to 8½ pence; the Ferrard levy reduced from 16 to 11 pence; the Ardee levy increased from 9½ to 13¼ pence; the Louth levy decreased from 10¼ to 9 pence; Upper Dundalk reduced from 16 pence to 15½ pence nearly; Lower Dundalk reduced from 14.34 to 14 pence; and the portion levied off the County at large from .88 to .83 penny. The variations in these poundage rates principally depend on new works, that portion of the levy applicable to the maintenance and repairs exhibiting a general reduction, notwithstanding the increasing mileage. New roads and bridges, as in Ardee Barony, send up the amount. Owing to the manner in which the Barony of Drogheda is dovetailed into Ferrard, the former escapes its fair proportion of taxation. I have prepared a small table showing the comparative extent, cost and rates, for the separate Baronies and the County at large for the four last years, which I have also attached to this Report as part of it.

The works of the approaches to the Bridge of Mayne, over the River Glyde, near Annagasson, have been left by the contractor in a wretched state, and nearly impassable during the Winter. They should have been completed on the 1st of October last, and the contractor is liable to a Penalty of Five Pounds a week to be deducted from the amount of the contract, since that time. I have referred to the delay in finishing this work in my last Report.

The roads throughout the County are, in general, in good repair, notwithstanding the severity of the past season.

I beg leave to call the attention of the Grand Jury to the old prison buildings still standing between this Court-house and the Exchange Buildings. Their removal, I am of opinion, is now desirable.

I have the honour to be, Gentlemen,

Your faithful Servant,

JOHN NEVILLE.

## GRAND JURY ORDERS AT SUMMER ASSIZES, 1865.

Resolved.—That in future Contracts for Printing, we recommend the Presentment Sessions to direct the advertisement for Printing Tenders (with the exception of the County Book printed before each Assizes), to be made in the Local Papers, and General Advertiser; it appearing by a Private Tender for the Registry Printing, laid before the Grand Jury by the Clerk of the Peace, at the present Assizes, that such portion of the County Printing can be executed at a much lower rate than the Contract entered into at the late adjourned Sessions.

Ordered.—That the sum of Five Pounds, being a gratuity granted by the Grand Jury at last Spring Assizes to Michael Rafferty, Harbor Constable of Carlingford, for the present year, be now paid to him by the County Treasurer out of the harbor funds in his hands.

Resolved.—That in the opinion of this Grand Jury, in all future Contracts for Repairs of Roads in this County (except in Towns under the Towns' Improvement Act), such Contracts should have combined with them the Repairs of the Footpaths along such Roads. And we would recommend this course to the future Presentment Sessions for their consideration and approval.

Ordered.—That in the case of Presentment No. 68, granted Spring Assizes, 1865, the Contractor, James Reilly, be permitted to alter the Footpath to the South side of the road over the sewer, the watering-place to be removed.

Ordered.—That, should any proceedings be taken against the County Surveyor, in the case of Luke Green, Road Contractor, as threatened, the County Solicitor be instructed to defend the action upon the part of the County, as we consider Mr. Neville should be protected in the execution of his duty.

Resolved.—That the following be appointed Commissioners until next Spring Assizes, for the purpose of taking such steps as they may consider prudent, in order to protect the interests of the County in the matter of the proposed change respecting the providing of a Building as a Lunatic Asylum for this County; viz. ;—

Sir John S. Robinson, Bart., | Laurence Waldron, Esq.,  
John M'Clintock, Esq., | Francis Donagh, Esq.,

And that the County Solicitor do attend upon the said Commissioners, and take such instructions from them as the said Commissioners may think fit to issue at any time.
