Large Scale Mapping is required by your Local Authority when applying for planning permission.

Tailte Éireann provides Planning Packs to meet their Local Planning Authorities needs. This product is not suitable for other use such as Land Registry. Planning Packs are available in Paper (PDF) or Digital formats (DWG).

The extract is centred on a set of ITM coordinates, an Eircode, or customer--guided screen selection, centred on the customer's Area of Interest.

To get more information and order maps please see https://store.tailte.ie/planning-pack.html
