DRAINAGE & UTILITIES

NOTE: All below ground works will be subject to surveys, site investigation findings, detailed design and archaeological monitoring.

- All utility covers will be reviewed and replaced where required to the correct vehicular loading, and/or where heavy vehicle overrun is anticipated.
- Existing and proposed utility covers will have recessed granite infill covers to the required loading where feasible and agreed with 3rd party utility providers.
- All existing road lighting columns within the redline will be removed.

Rejuvenated Peace Park Design Intentions

- A place to sit and relax
- A place where people are put first
- A greener atmosphere
- A playful landscape
- A more sustainable environment

Any trees removed from the Public Realm Space to the Grounds of St. Nicholas Church are to be replanted within the scheme (the Peace Park) in accordance with the development plan at a ratio of five new trees per single tree removed.
